Ilham Saputra (Aam)

Kediri, Indonesia ilhamsaputraferdinand@gmail.com (62) 815-2396-9439 in/ilham-saputra-aam

PROFESSIONAL SUMMARY

Versatile professional with extensive experience in **Data Analytics, Web Development, and Automation Engineering** dedicated to transforming complex information into clear, actionable insights through AI-enhanced workflows.

EXPERIENCE

Founder

WebLuwuk — August 2025—Present, Remote

- Built WebLuwuk, a web development startup serving from small businesses to companies.
- Led end-to-end website development (requirement gathering, UI/UX, development, deployment).
- Delivered 10+ client projects across industries.
- Improved client online visibility through SEO optimization and performance tuning

Data Specialist

Excellent Chimp — January 2025—Present, Remote

- Designed and delivered custom data visualization dashboards (Excel, Tableau, Looker Studio, Power BI) for companies across diverse industries.
- Automated workflows using Apps Script, Python, Excel macros, or other platforms, reducing manual work by up to 15 hours per week for clients.
- Collaborated with international clients, translating business needs into technical solutions with clear documentation and user-friendly outputs.
- Completed all projects with a 5-star positive rating, earning repeat clients and long-term collaborations.

Web Developer

Titik Koma Bintang — January 2022—January 2025, Luwuk, Indonesia

- Built and maintained responsive front-end interfaces using JavaScript, CSS, and frameworks to ensure smooth functionality across devices.
- Collaborated with back-end developers to integrate APIs, ensuring seamless data flow between the server and client-side applications.
- Customized features to meet specific client needs, such as interactive dashboards, payment gateways, and user analytics tools.
- Developed and optimized database schemas and queries to handle large datasets, improving system performance and reliability.
- Wrote, tested, and maintained efficient code ensuring scalability and performance.

Digital Cadre

Ministry of Villages, Development of Disadvantaged Regions, and Transmigration — January 2023—December 2024, Banggai, Indonesia

- Supported local communities in accessing online public services and administrative platforms.
- Assisted small businesses in establishing online presence through e-commerce platforms, digital marketing strategies, and payment systems.
- Facilitated implementation of digital tools like Sistem Informasi Desa (SID) to improve governance and information access.
- Conducted training on safe and productive internet usage, device operations, and cybersecurity awareness.
- Partnered with local government and private sectors to introduce beneficial digital programs.
